PROFILE

Finding what works in public policy, and helping people put it into practice, as a multidisciplinary senior adviser connecting policy fields, institutions, funding and delivery, and as a specialist for focused assignments in evaluation, foresight, financial instruments, good practice transfer and technical writing. More than 30 years of work with the European Commission, the European Investment Bank, FAO, UNDP and national governments on regional, rural, urban and island development, food systems, nature, climate and public investment. The work researches and evaluates successes, strengthens the networks that share them, and writes the messages that ministers and managing authorities use, with communication as one of its tools.

PREVIOUS WORK EXPERIENCE 1986 – 2019

2015 – 2019 **European Investment Bank, Luxembourg** · Communications Expert, fi-compass
Recruited to lead communication on financial instruments for managing authorities, with DGs AGRI, EMPL, MARE and REGIO and the European Investment Fund. ERDF and ESF case studies, a State aid survey, training films and EAFRD content. Also designed and ran a large EU technical assistance tender across the EIB Group and the DGs.

2008 – 2015 **European Network for Rural Development Contact Point** · for the European Commission (DG AGRI)
Part of the team from its launch. Co-designed the project database that is now the EU CAP Network Good Practice database, and launched the EU Rural Review magazine and its project brochures.

2007 – 2015 **EU LIFE programme and FARNET, via AEIDL** · Writer, photographer and editor
Eight years reporting on LIFE nature and climate projects, with full access to their monitoring reports, plus editing good practice for FARNET, the EU fisheries areas network for coastal and fishing communities.

2008 – 2015 **European Parliament and the Commission's environment department** · Film maker and adviser
Film series on results-based agri-environment payments, and input to the Commission's 2013–14 toolbox on paying farmers for the biodiversity results they deliver, such as Sámi reindeer herders protecting wolverines.

2007 – 2008 **UNDP Georgia, Bosnia and Herzegovina and Serbia** · Evaluator and adviser
Evaluations in Georgia for a ministry and for Parliament. Team leader evaluating a LEADER-method grant scheme for war returnees in Bosnia and Herzegovina. Advice to Serbia on pre-accession funds.

2006 – 2010 **Centre for Development Society, Lithuania** · Co-founder and Director
Strategy, governance, partnerships and project development for a Lithuanian development NGO.

2004 – 2006 **Bradley Dunbar Associates, Lithuania, Poland and Romania** · EU Accession Adviser and Evaluator
Helped Lithuania's Ministry of Finance roll out its first national ERDF programme with Scottish knowhow in monitoring, project selection and transparent approval. Scoring framework for the first LEADER strategies, ex-ante evaluation of 2007–13 funds, M&E training in Poland. Managed a team of three.

2000 – 2004 **Highlands and Islands Partnership Programme, Scotland** · EU Structural Funds Programme Manager
ERDF Programme Manager in an Objective 1 programme of about €308 million of EU funds, also managing EU agricultural and fisheries fund budgets: business, transport, waste and IT, credit for small firms, monitoring and the Joint Monitoring Committee. Led a team of three.

1995 – 2000 **Inverness and Nairn Enterprise, Scotland** · LEADER II Coordinator
Coordinated the Loch Ness Local Action Group and its Rural Innovation Programme across two municipalities. Its village strategies became a European Commission LEADER Observatory case study, now retold with ten lessons.

1994 – 1995 **University of Aberdeen and Robert Gordon University** · Research Consultant
Ex-ante evaluation of the Rural Inverness and Nairn LEADER II strategy, using Scottish LEADER I data.

From 1986 **International press syndication, London** · Royal press photographer
First career role: Diana, Princess of Wales, with Metropolitan Police press accreditation. Syndicated daily to some 20 clients, including Time, People, Stern, Oggi and ¡Hola!, from Scandinavia to Spain and Australia. Royal assignments across Europe by train through local press agencies, before the internet, Schengen or the euro, with photos flown weekly on Concorde. An early start in networking news across Europe.
