Caucasus and Western Balkans	Georgia, Bosnia and Herzegovina, Serbia, Montenegro
Baltics and Central Europe	Lithuania, Latvia, Poland, Romania

Qualifications

MSc with Distinction, Rural and Regional Resources Planning, University of Aberdeen · BSc with Distinction, Rural Resources, Napier University and Scottish Agricultural College · Higher Certificate in Applied Photography and Audio-Visual Technology

FROM WRITTEN REFERENCES

"His long experience with EU funding systems and practical knowledge of digital communication techniques has been appreciated by us at EIB."

European Investment Bank
Financial Instruments Advisory

"Tim possessed good organisational skills as Team Leader and his knowledge of EU methodologies regarding partnership development support were very useful for our on-going work."

UNDP Bosnia and Herzegovina
SUTRA programme

"He is equally adept at shaping partnerships and processes at strategic level, as well as providing sound practical advice at the grass roots."

LEADER Local Action Group
Inverness and Nairn, Scotland

Publications, films and references

Work	What it shows
EU RURAL DEVELOPMENT NETWORKS	
EU CAP Network Policy Insights	Launched the series and wrote the first 30 editions, on food systems, climate, water, biodiversity, gender, small farms, LEADER and investment
EU CAP Network Good Practice database	230+ cases from more than 20 countries, 2025–26, in a database whose ENRD forerunner Tim co-designed
EU Rural Review and EAFRD Projects Brochures	Launched and edited for the European Network for Rural Development, incl. the 2011 Leader projects brochure and the EU Rural Review 29 innovation chapter (2020)
LEADER II case study (2026)	Thirty years on, ten practical lessons for community-led local development, with the original 1996–99 documents · DOI 10.5281/zenodo.24246020
EU LEADER newsletter	The EU's official LEADER newsletter, 2019–2025, as editor, producer and adviser, plus input to the 2024 guidelines on assessing LEADER's added value
EU Rural YouTube channel	Films incl. Rural Vision Week, the Commission President's message and rural good practice films from across Europe
ENVIRONMENT, NATURE AND CLIMATE	
Results-based agri-environment payments (RBAPS) film series	Paying farmers for measurable biodiversity results, filmed for the European Parliament and DG Environment
EU LIFE publications and LIFE films	Eight years of nature and climate reporting, incl. LIFE and human coexistence with large carnivores
FINANCE AND THE UN	
fi-compass	EIB and Commission guidance, training films and ERDF and ESF case studies: start-up equity in Saxony (€60m), home renovation loans in Estonia (€67m), microcredit in Campania (€100m)
FAO ERC/22/2 and ERC/22/3	Ministerial papers written as FAO Technical Writer, on agrifood transformation, simplified financial instruments and food value chains for nutrition (2022)
Kazakhstan Convergence Action Blueprint	The first Convergence Initiative pilot, bringing agriculture inside national climate policy. Syntheses distilled from a mass of national data focused its planning on key topics and helped unblock finalisation (FAO, 2024)
UNDP Maldives publications	Future-Forward Financing · Loss and Damage Economic Bulletin · Values in Crisis · Liveability Index of Hulhumalé · Strengthening the Entrepreneurship Ecosystem
EVALUATION AND EXPERT WRITING	
Agricultural and Rural Inspiration Awards and New European Bauhaus Prizes	Evaluator of EU award entries against results, innovation, sustainability, inclusion and gender criteria
DevelopmentAid expert articles	Associate Writer since 2024 on food loss and waste, blue economy finance, agrifood governance and evaluation
MORE	
Films	EU, EIB and UN films, island tourism good practice series and EAFRD finance videos with more than 16,000 views
LinkedIn articles	152 articles on public investment, networks, nature and food systems
Global perspectives	Own aerial and documentary photography from Europe and beyond
Written references	Quoted from the EIB, the EU rural development network, AEIDL, UNDP, national ministries and a Scottish LEADER group. Letters on request

Ideas for better public investment

Recent articles on how public money, networks and evidence can deliver more for people and nature.

Better decisions

- Four questions that could help public investment deliver more
- Better decisions start with better comparisons
- From detailing delivery to proving value

The next EU funding generation

- Financial instruments designed to put themselves out of business
- NextGen fi-compass
- From funding Europe's development to developing Europe's funding

Nature, climate and true value

- Digital twins and true cost accounting
- What can we learn from Europe's LIFE signs?
- Forest governance models and climate finance

Public value beyond the farm gate

- What do we actually buy when we invest in a farm?
- Turning public value into new investment opportunities
- Qualitative impacts as collateral

Networks and international cooperation

- When international cooperation really works
- The value of national connections
- Preparing for a wider Europe

Food systems and islands

- Why Convergence Action Blueprints matter
- EU policy lessons for mainland and island states
- Grow protein to grow prosperity

Working together

Assignments

Expert, key expert or team leader roles for EU institutions, EU Delegations, UN agencies, development banks and consultancies.

Ways of working

Home-based from Luxembourg with missions worldwide. Comfortable in multinational teams and multi-country assignments.

Deliverables

Policy analysis, evaluations, good practice, guidance, training, ministerial papers and multimedia products to EU and UN standards.

Clients and partners

European Commission (agriculture, environment, regional policy, research, employment and maritime departments) · European Parliament · European Investment Bank Group · EU Delegations and Team Europe · FAO · UNDP · UN Food Systems Coordination Hub · national ministries of agriculture and finance · development consultancies including DT Global

Working on an EU, UN or development bank assignment?

The offer combines policy good practice, networks, financial instruments, environmental knowhow and evaluation, with the communication skills to make results usable.
